Sounds like there is alot of change. The new director will need to understand how critical this aquifer exemption project is.

Yes, Dan will be based there by May 1st. WE also have a new acting State Oil and Gas Supervisor - Pat Perez. There's really a lot going on right now and I'm trying to remain focused on this but other important things have also cropped up.

Hi Michele,

I'm still waiting for data from the districts and hope to get something out to you today. Thanks for your patience.

Jerry
